SELECTBOARD MEETING MINUTES
FEB. 3, 2026 – 7 P.M.
HYBRID ON ZOOM AND SOUTH HADLEY SENIOR CENTER

Present in person were Chair Jeff Cyr, Vice Chair Nicole Casolari, Clerk Carol Constant, members Andrea Miles and Renee Sweeney, Town Administrator Lisa Wong and Assistant Town Administrator Chuck Romboletti.

CALL TO ORDER

Cyr called the meeting to order at 7 p.m.

ANNOUNCEMENTS / OPEN FORUM

Sweeney noted the South Hadley Democratic Town Committee annual caucus on Saturday, March 7. Constant encouraged folks to watch video archives on the SHCTV15 website of the Budget Task Force and a Western Mass Roundtable to learn more about the budget issues South Hadley and surrounding towns are facing.

APPROVAL OF MINUTES

Constant motioned to approve the draft minutes of Feb. 3, 2026 as presented. Miles seconded. All in favor. Unanimous.

7:05 P.M. PUBLIC HEARING: DELANEY’S MARKET – NEW BEER & WINE LICENSE

Cyr opened the public hearing at 7:05 p.m. and closed it at 7:07 p.m. Sweeney motioned to approve the application for a new Beer & Wine License for Delaney’s Market at 459 Granby Rd. Miles seconded. All in favor. Unanimous.

TRI-ANNUAL APPOINTMENTS

The Selectboard interviewed Rachel Leach and appointed:

Adam Jaiko – Full Time Conservation Commission 2026

George Francis – Veterans Council 2026

Stephen Romero – Veterans Council 2026

Adam Jaiko – Veterans Council - 2028

Rachel Leach - Historical Commission 2028

Robert Szklarz – Historical Commission – 2026

Olivia Aguilar - Sustainability & Energy Commission – 2028

FARMER DISTILLERY POURING PERMIT FEE

Sweeney motioned to move to set the annual Farmer Distillery Pouring Permit fee at \$800. Constant seconded. All in favor. Unanimous.

SEWER & TRASH FEES

DPW Superintendent John Broderick said the current annual curbside collection fee per household for every-other-week collection of trash and recycling (and spring & fall yard waste

collection) is \$250. With a healthy fund balance expected at the end of FY26, available for any unforeseen circumstances or repairs to enterprise fund vehicles or infrastructure and contractual increases to collections and disposals of 6%, he recommended the Selectboard set the curbside collection fee for FY27 at the current rate of \$250 per household.

Sweeney motioned to set the curbside collection fee for FY27 at the current rate of \$250 per household. Miles seconded. All in favor. Unanimous.

Broderick explained that with the recently released Comprehensive Wastewater Management Plan, and the associated costs anticipated to upgrade the wastewater treatment plant, five pumping stations and infrastructure to ensure an operable compliant system for years to come, the annual sewer fee needs to increase over time to build the fund balance to be able to pay for the borrowing needed. The current fee is \$500/year per EDU. The engineering study recommends an anticipated increase of \$300 dollars or so over the next 10-20 years to properly fund these improvements. Broderick recommended increasing the FY27 annual sewer fee by \$25/EDU to \$525.

Constant motioned to increase the FY27 annual sewer fee by \$25/EDU to \$525. Miles seconded. All in favor. Unanimous.

SOUTH HADLEY GIFT AGREEMENT

Three-and-a-half years ago, the first four pickleball courts were constructed at Buttery Brook Park through private fundraising after the town indicated no public funds were available. President of the Friends of Buttery Brook Park, Kim Prough, explained the courts have since seen consistent and heavy use by seniors, students and families throughout the day and evening. For the additional courts and their repairs, the Friends of South Hadley Seniors and The Friends of Buttery Brook Park are donating \$20,000 and \$106,480 respectively. Prough said a \$50,000 national grant from USA Pickleball, along with numerous individual and business donations, were also received. The total cost for all eight courts is slightly over \$300,000, with the town's share being less than \$20,000.

Constant motioned to accept the gift agreements between the Friends of South Hadley Seniors Inc, The Friends of Buttery Brook Park the Town of South Hadley as presented and authorize the use of the board's electronic signatures.

DECEMBER QUARTERLY REPORT

Town Accountant William Sutton explained General Fund revenues are tracking similar to last year and are within or exceeding estimates, with a few exceptions. In Lieu of Taxes revenue is up approximately \$105,000 due to higher SHELD indirect cost reimbursement and PILOT payments, and room tax collections total \$31,900 through December. However, tax liens are down about \$177,000 due to fewer redemptions and the absence of prior-year foreclosure revenue; Motor Vehicle Excise is down \$55,000 (15%), likely due to timing; Penalties and Interest are down nearly \$40,000, primarily from lower tax lien interest; and Interest Income is down \$166,000 year-over-year, though it is still projected to exceed the annual estimate.

Landfill Enterprise Fund revenues are lower than last year but within projections, reflecting decreased Pay-As-You-Throw revenues, partially offset by a \$150,000 increase in trash fees due to higher rates; interest income is down about \$30,000. Wastewater Treatment Plant Enterprise Funds revenues are up approximately \$185,000 due to the sewer rate increase, with interest income slightly below last year but above estimate. Golf Course revenues (excluding food and beverage) are up \$41,000 (5%), driven by greens fees, cart rentals, and a \$13,500 increase in season passes; food and beverage revenue is down \$13,000, while the overall annual estimate is up \$31,000 (2%).

DCR Notice of Proposed Acquisition of Land, South Hadley, 301 CMR 51.00; #P-001110

Sweeney formally announced that the Commonwealth of Massachusetts, acting through its Department of Conservation and Recreation ("DCR"), is considering acquiring approximately 40.7 acres of forestland in the Town of South Hadley ("Town"), located at Mount Holyoke and adjacent to the Joseph Allen Skinner State Park or other interests in such land. The property is currently primarily undeveloped wooded uplands. The proposed use for the property will be protected conservation and recreational purposes with public access. Attached to the Selectboard packet was a locus map marked "Exhibit A," which shows the property that DCR is interested in acquiring.

Miles seconded. All in favor. Unanimous.

ANNUAL TOWN ELECTION BALLOT

The board reviewed the Proposition 2 ½ Ballot Questions Requirements & Procedures August 2017 document from the Division of Local Services.

The board discussed whether to present a single override amount or multiple options (\$6M, \$9M, \$11M), weighing simplicity and clarity against providing voter choice. Members expressed concern about declining school choice enrollment, rising costs and the impact of reductions to services such as athletics, as well as the risks of relying on free cash to support ongoing operations.

A straw poll of the Selectboard indicated support for placing \$9 million and \$11 million options before voters, with less support for \$6 million. The board affirmed general support for pursuing an override and agreed to use feedback from the upcoming Special Town Meeting and further discussion to finalize ballot language at their March 3 meeting.

Casolari motioned to extend the meeting by 10 minutes. Sweeney seconded. All in favor. Unanimous.

The board agreed they were in support of an override in general but would finalize their ballot question language at their March 3 meeting.

TRAFFIC REVIEW COMMITTEE

Romboletti gave an overview of the TRC's annual report, which can be read here:

<https://www.southhadley.org/AgendaCenter/ViewFile/Item/1097?fileID=59812>

PILOT OVERVIEW

Wong explained there are 29 entities identified in South Hadley that are tax exempt, not including governmental entities, South Hadley Electric Light Department or Holyoke Gas and Electric. SHELD provides an annual PILOT payment of \$220k per year, recently increased from \$180k per year. HG&E provides a PILOT of \$55k per year that has not increased since 2004 and cannot be changed without legislation. There is some work trying to increase the payments received for state owned land. The town received \$50k for FY26. Per 2025 data, tax exempt property for the 29 entities total \$240 million in property value and would bring in \$3.35 million if these properties were taxable. If 100% of the properties voluntarily adhered to the policy similar to Holyoke, this would yield \$800k annually. Wong included a list of the properties:

<https://www.southhadley.org/AgendaCenter/ViewFile/Item/1097?fileID=59813>

It was emphasized that PILOT programs are voluntary and full participation is unlikely. It was noted that Mount Holyoke College is operating with a multi-million-dollar annual deficit and facing rising costs like the town. Wong said a memo regarding a PILOT discussion has already been sent to MHC. Some members cautioned against viewing PILOTs as a “silver bullet” for budget challenges.

Members directed Wong to review area PILOT policies and draft a South Hadley version to run by town counsel. They favored sending a finalized version of the policy to tax-exempt entities that establishes transparency of what the town is asking of the entity instead of forming a committee specifically for PILOT programming.

Joel Prough, of 8 Silverwood Terr., and Pamela Stawasz, of 110 Richview Ave, discussed MHC’s endowment and investments.

DLS MANAGEMENT REVIEW

Wong explained a management review from the Division of Local Services could help figure out how to better manage the town at a lower cost, as well as explore creation of a Finance Director position and a restructuring of the administration / HR / finance departments. She noted South Hadley is understaffed compared to other comparable communities and her end goal is to reduce staff even more. Selectboard members discussed requesting a review to evaluate the town’s administrative and financial structure in light of upcoming retirements, staffing constraints and long-term sustainability.

Members amended Wong’s scope of the DLS management review to include exploring any possible efficiencies or improvements in services by increasing collaborations with the town and school in this area.

Constant moved to allow the town to submit a request for a review. Sweeney seconded. All in favor. Unanimous.

OLD BUSINESS

HEALTH INSURANCE UPDATE

The board tabled this item to their next meeting where they will have more information.

FY26 BUDGET

Wong said there are no substantive updates to the budget at this time and that the full presentation to the Appropriations Committee will be posted to the town website within 24 to 48 hours. More detailed budget discussions with department heads are anticipated in May.

SPECIAL TOWN MEETING

The Selectboard agreed they were not ready to make a specific recommendation to Town Meeting aside from agreeing they all support an override of some kind.

TOWN ADMINISTRATOR PBE

As part of her PBE goals update Wong reported significant mid-year progress across regional advocacy, policy development, union negotiations, financial analysis, and organizational reform, noting that the town is taking a proactive and collaborative leadership role regionally. She acknowledged the pace of work is intense and not necessarily sustainable long-term, but emphasized that staff are working strategically and transparently to pursue innovative structural changes.

ADJOURN

Miles motioned to adjourn. Sweeney seconded. All in favor. Unanimous.

The meeting adjourned at 10:05 p.m.

Disclaimer

The following town comparison data was based on the more recent available information found on other town websites. Each budget document is different and each town is structurally organized with different job duties, positions and/or departments so the information may not be “apples to apples”.

The towns chosen were based on geographic proximity and population size most similar to South Hadley’s. South Hadley’s Fiscal Year is 2027 while the other town data is from FY25 or FY26. Most towns have not finished developing their FY27 budgets so a comparison cannot be made yet.

2. Medical RFP Results Recommendation
3. FY27 Proposed Rates
4. FY27 Plan Design Recommendations
5. FY27 Rate Recommendations
6. Questions & Answers

Summary of Health Insurance Evaluation and FY27 Recommendations

Vendor Selection and Network Stability

Remaining with BCBS ensures cost competitiveness, quality service, and network continuity, enhancing employee satisfaction and financial stability.

Pharmacy Benefit Strategy

Transitioning pharmacy benefits to Employers Health (CVS coalition) is expected to save \$3.4 million through better contracts and rebate structures amid rising drug costs.

Plan Design and Cost Management

Introducing modest deductibles and copayments aligns with municipal benchmarks, preserving affordability while supporting sustainability and competitiveness. Proposed deductible reduced from \$500/\$1,000 to \$250/\$500 based on feedback and marketing results.

Financial Stability and FY27 Rate Adjustments

Recommend 12.46% rate increase with modest benefit design changes for FY27, which reflects medical trends and actuarial analysis to maintain long-term financial stability for HCGIT. Rate adjustments aim to build the Trust's reserves, providing protection against unexpected claims activity and facilitating the recovery of financial losses from FY26.

Pharmacy RFP Results: PBIRx

Medical RFP Results: Recommendation

RFP Evaluation: Process Overview (Presented 1/21/26 to IAC)

Bid Process: John Garish

Bid invitations were sent to Harvard Pilgrim, Cigna, Aetna, UnitedHealthcare (UHC), and Health Plans Inc. (HPI).

Four proposals were received from HPI, Harvard Pilgrim, Aetna, and Cigna.

UHC declined to quote.

The RFP was not sent to the incumbent, Blue Cross Blue Shield (BCBS), or Mass General Brigham (MGB).

Plan proposals were sent to Hilb by John Garish on 12/8/2025.

Bid Process: Hilb

Hilb issued an amendment to the RFP, capturing important information not included in the initial bid solicitation.

The original RFP was issued to BCBS and MGB.

MGB declined to quote based on network limitations.

BCBS submitted a proposal.

A Best and Final Offer (BAFO) request was released to all five bidders.

Bid Process: Outcome

Four out of five bidders submitted a Best and Final Offer (BAFO), further reducing their administrative costs.

A claims repricing exercise was performed to assess the most competitive costs.

Additionally, a provider disruption report was conducted to evaluate network differentials.

Among the five competitors, BCBS demonstrated the strongest cost and quality performance based on the bid criteria.

The RFP process yielded competitive pricing and administrative fees from all five carriers. Key factors, including claims repricing and provider discounts, significantly influenced the final recommendation, which is to continue with the incumbent, BCBS.

FY27 Proposed Rates

FY27 Rate Renewal: Key Factors

Key considerations for FY27 rate increases include claims fluctuation, medical and pharmacy trends, trust reserves, exiting group claims, and market alignment, with the goal of rebuilding trust reserves to prevent future high increases and mid-year adjustments.

FY27 Proposed Rates: Overview

HCGIT's current loss ratio is 114% for both medical and pharmacy. The proposed FY27 rates include adjustments from both medical and pharmacy procurements.

Medical / Stop Loss

Annual medical trend of 10%.

A 40% projected Stop Loss increase applies to a \$400K deductible, with a loss ratio of about 107%.

Four lasers add \$1.73M in claims liability.

Pharmacy

Annual pharmacy trend of 13%.

Weight loss GLP1 claims, excluded from totals, account for 17% of RX claims.

Estimated RX rebates are currently \$8.8M.

Revised pharmacy claims discounts and rebates from CVS Caremark and Employers Health (CVS).

Additional Considerations

Plan design changes, which include adjustments to copay structures and deductibles, are valued at 3.6 percent.

Any additional savings from foundational Assistance programs

PBIRx RFP&C Process

Objective

PBIRx, Inc. is a pharmacy benefit auditing and consulting firm engaged to analyze self funded pharmacy benefit savings opportunities for Hampshire County Group Insurance Trust. The current self funded Agreement between CVS and Hampshire County Group Insurance Trust is in effect through June 30, 2026. PBIRx prepared a customized Request for Proposal (RFP) which was sent on January 20, 2026, to the following vendors:

MEDICAL	
Carrier	PBM Vendor
BCBSMA	CVS

COALITION	
Coalition	PBM Vendor
Employers Health	CVS
HealthTrust	Optum

DIRECT
PBM
CVS
Liviniti
VytlOne

PBIRx analyzed the vendor proposals as compared to the current program offered through CVS to determine pricing and service competitiveness.

RFP Process

PBIRx received a raw data file from CVS. PBIRx formatted a de-identified claims repricing file. Upon receipt of the Intent to Bid by the vendors, this file was sent along with the RFP for vendor completion. All vendors were requested to propose pricing and service models based on comparable services, formulary and plan design being offered through the current Hampshire County Group Insurance Trust pharmacy program administered by CVS.

Actual Hampshire County Group Insurance Trust utilized claims were used to compare all pricing models. Upon receipt of Vendor proposals, PBIRx confirmed pricing terms in relation to the proposed repricing files. PBIRx used the current Average Wholesale Price (AWP) of current claim files and calculated estimated total net plan cost based on the following elements:

- Retail Brand / Generic Discount and Dispensing Fees
- Mail Brand / Generic Discount and Dispensing Fees
- Specialty Brand / Generic Discount and Dispensing Fees
- Retail / Mail / Specialty Rebates
- Misc Fees and/or Admin fees

Current costs were reduced by \$4,290,813 to take into account weight loss meds exclusion

- **CVS Renewal:**
 - Estimated savings of \$2,271,736
- **CVS – Employers Health:**
 - Estimated savings of \$3,457,253
 - Foundational Assistance available with estimated **Additional** savings of \$1,902,661
 - No changes to members prescriptions or plan
 - The only change would be a new CVS Account Team
- Carrier and Mid Market PBMs had competitive proposals however not as competitive as the CVS – Employers Health
- BCBSMA cannot implement Foundational Assistance
- All non-CVS vendor changes would have at minimal slight formulary change
- International Savings for Injectables and Diabetics total opportunity estimated at \$1,700,305 through ElectRx to compliment CanaRx

Recommendation

- Move Contract pricing to CVS through Employers Health
- Implement Foundational Assistance through Payd Health
- Implement ElectRx International Program

Notes:

1. Current Plan Costs 1/1/25-12/31/25, and trended using a 9% annual drug trend to 7/1/26-6/30/27 - weight loss costs removed & rebates adjusted
2. Estimated Rx Claim Costs based on savings analysis through proposed pricing
3. Coupon assistance savings is net of fees
4. International savings above represent 10% of an estimated \$2,234,300 with the majority of the savings coming from the specialty international vendor
5. Cost estimates are a combination of discounts, dispensing fees, administration fees, and rebates combined with miscellaneous fees and contract language caveats. Caveats include, but are not limited to, Most Favored Nation pricing, rebate exclusions, guarantee exclusions, aggregation language, and calculation methodology. The self funded estimate assumes that Client is at full risk for its self funded pharmacy costs. The above information relies on information provided to PBIRx by a third party

General Notes:

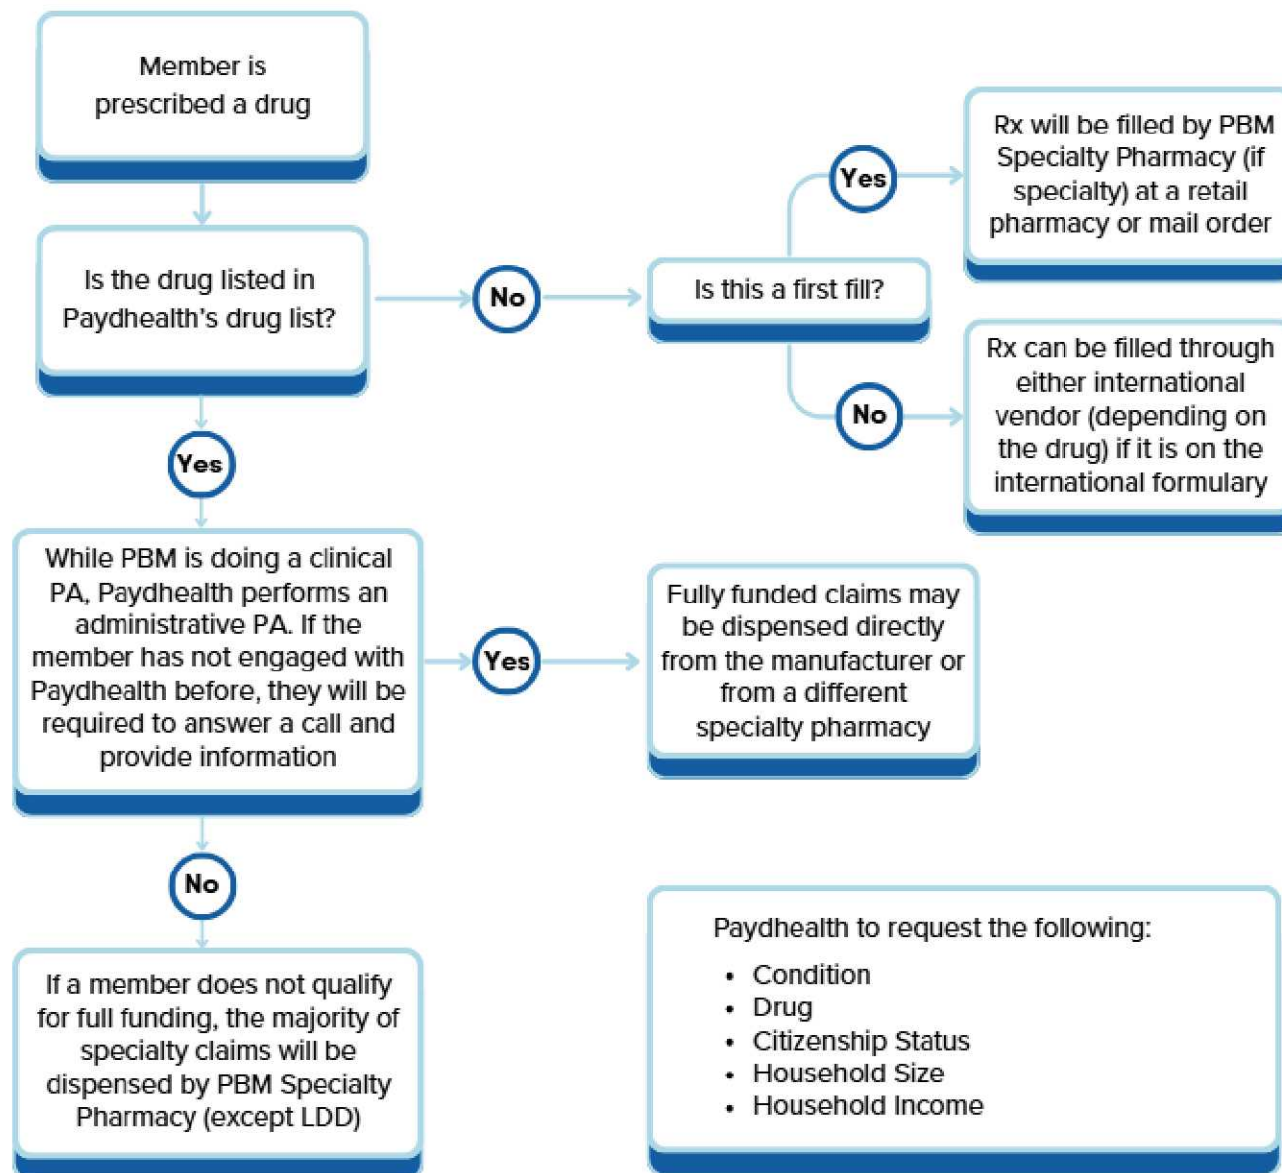

1. January 2025-December 2025 Alternate Funding Eligible Claims
2. Members with a partial year of utilization have been annualized for savings calculations
3. Assumed conversion is 31.9% of Eligible claims and associated Plan Cost
4. Plan Cost is the discounted cost of the medication less member share
5. Paydhealth takes into consideration expected affect of Highly Compensated People (HCP) based industry NAICS number
6. Income stipulations associated with most alternate funding programs
7. The Estimated Net Plan Savings stated above are net of rebate loss and vendor fees (30% of savings based on total cost of medication)
8. Above Estimated Net Plan Savings assumes 30% partial assistance funding and 70% full funding by alternate funder
9. Assumes no claims are currently filled at 340B. If 340B is currently in use, stated savings estimates could be affected. The alternate funding vendor can work with client to exclude during implementation.

The conclusions made in this review are based upon data provided to PBIRx by the PBM.

Quantitative conclusions are accurate to the extent of the data provided.

Self Funded Estimates may be altered due to high-cost medications or increased utilization.

CALL TO ORDER

In compliance with the Governor's orders suspending certain provisions of the open meeting laws due to Covid-19, this meeting was held via Zoom telephone/video conference.

Chairman Rich Carmignani, Jr. called the meeting to order at 10:03 a.m. with a quorum present of 87.80% of the weighted vote.

MINUTES

The minutes of the meeting of December 17, 2025, were accepted by unanimous consent.

FINANCIALS

Month of December 2025

The Financial Report showed a starting cash balance for December of \$479,076.67 with a total monthly income of \$14,894,359.45, which includes the CVS rebate of \$3,025,188.26. The monthly expenses totaled \$10,362,185.80 leaving a total net monthly income of \$4,532,173.65. The accounts receivable balance was \$655,974.66, which if paid on time, would have left us with a balance of \$5,188,148.31.

Shelly Poreda gave an overview of the financial report, highlighting page 10, the financial summary, correcting the November ending balances to read December ending balances. She pointed out that medical claims for December were down \$400,000 and pharmacy claims by \$250,000 compared to November. She also reviewed the projections through the end of June.

GIC UPDATE

The groups that are leaving the Trust are Bernardston, Chesterfield, FRCOG, Leyden, Pioneer Valley Regional School District and Southampton. The total monthly premium loss is currently \$599,818.40. It was noted that the claim runoff period is 18 months.

HILB UPDATES

HILB gave a presentation on the RFP results and preliminary FY27 rates and plan design changes that they are recommending. A long discussion followed on the union negotiation process, particularly if units have not adopted 32B section 21-23 yet. HILB has offered to conduct a webinar on the timeline and steps required to get plan design changes through the 32B process. Their current recommendation is for a 15.96% increase if no plan design changes are made. They then presented plan design changes they would recommend. The RFP for the pharmacy contract has not been completed so numbers are subject to change. Those numbers will be available in time for the February 25, 2026 IAC meeting.

OTHER BUSINESS

Michele Komosa said the Wellness Initiative is doing great and she will provide a full update at a future meeting.

LAST MINUTE ITEMS

There were none at this time.

ADJOURNMENT

Chairman Rich Carmignani, Jr. adjourned the meeting 12:21 p.m.

Respectfully submitted,
Karen Karowski

The Town of South Hadley Payment In Lieu of Tax (PILOT) Policy

South Hadley recognizes that tax-exempt organizations contribute directly to the quality of life within the community and welcomes them to the Town. In order to maintain the financial health of the community and to continue to provide a range of quality services, the Town must preserve its existing tax base and expand that revenue source where reasonably possible. It is the Town's policy to distribute the burden of cost in a fair method among all users of services: citizens, taxpayers, and tax-exempt institutions.

M.G.L. Chapter 59 section 5 enables the granting of tax-exempt status to certain tax-exempt organizations. Once an organization is granted an exemption, the Town cannot legally require that a tax-exempt organization pay a property tax. Therefore:

1. The Town will seek voluntary PILOT Agreements with all tax-exempt institutions within the community that own real property, or that rent real property from the Town.
2. These written PILOT Agreements should be based upon fair market value and a tax levy. PILOT Agreements should be established, based upon a percentage of the amount that the tax exempt property would pay if not exempt. The percentage should be determined based on the tax levy amount that supports the critical services of the Town's Police, Fire and Public Works operations. The Town has determined that this share is equal to at least 25% of the full levy;
3. If a tax-exempt organization enters into a voluntary PILOT agreement, the Town may offer to phase in the impact over a period of time. The Town expects to negotiate PILOT agreements, whereby once the payment target is reached, the payment will annually increase by an escalation factor generally equal to the average historic growth in annual tax levy;
4. For smaller, community-based tax-exempt organizations with controlling interests in properties assessed at less than \$2,000,000 in FY 2025 assessed value, consideration for community service may be granted as part of an approach to establish the basis for a PILOT Agreement. This value ceiling would be inflated by 2.5% per year in subsequent years. The Town may base such a PILOT Agreement on 15% of the full levy;
5. A PILOT Agreement will remain in force for the entire tenure of its contractual term as long as the use established in the PILOT Agreement has not changed. All property under the PILOT Agreement must still meet all the requirements for eligibility for exempt status;
6. A PILOT Agreement does not replace the requirement that each organization seeking property tax exemption must file a "Return of Property Held for Charitable Purposes" form (State Tax Form #3ABC) with the Board of Assessors on or before March first of each year.
