Written response:

Hello, I am writing to express my strong support of the housing production plan, particularly objectives B, C, and F about zoning and development. South Hadley has developed a reputation for being a community that is nearly impossible to build in, and that reputation is greatly hurting its potential for economic growth that would make it a thriving local community for decades to come. I have spent most of my life in South Hadley, and now that I have a career would love to stay here, but the rental and housing market are making that difficult. Revamping the zoning laws to allow for denser, mixed use development and making it easier for construction to occur will help South Hadley maintain its status as a wonderful vibrant area in Western Mass.
