Written response:

I am concerned about the elimination of the Special Permit requirements for an application to erect an ADU. Any abutting homeowners have the right to be heard when a proposed change could impact their quality of life and/or the value of their home. To allow a person to financially benefit at the expense of their neighbors is simply unfair. Taxpayers in South Hadley have a right to defend the quality of life where they live. To eliminate this requirement because it is "too much work" is ridiculous. Planning board members who shirk their responsibilities and are not up for "work" should rethink serving on the Board.
