

Frank DeToma

South Hadley Falls Redevelopment Fund

The Redevelopment Authority of South Hadley has established a memorial fund to honor the legacy of Frank DeToma. Frank passed away in 2024 after a two-year battle with cancer. He was passionate about local politics and civic engagement, serving as a Selectboard member, 30-year District 2 Water Commissioner, and multiple town committees, including the Redevelopment Authority.

The Frank DeToma South Hadley Falls Memorial Fund seeks donations to further Frank's vision for South Hadley Falls – redevelopment, beautification, and community engagement. Projects supported by this Fund may include property acquisition and/or redevelopment, creation of housing, business growth and development, and public parks and recreation facilities.

Donations by Check - Payable to:
South Hadley Redevelopment Authority
